

I got hope

© Roger Häggström

[int] |D | |

[v1] ^D Now we hear it in ^G Libanon,
A ^D sounds of exploding bombs
^G We hear it in Israel,
A ^D I know it's real

They've got 'em in Palestine,
crossing over the line
Killing innocence,
A |D| | | |
raping common sense

[ch] 2x/ ^D But I got hope, for a ^G better world
^A I got hope, for every boy and ^D girl
^G I got hope, I got to believe
^A |D| | | |
I got hope, that's good enough for me /

[v2] It used to be Afghanistan,
Iraq and Iran
Now it's arabs versus jews,
you kill me, I'll kill you
There must be a common ground,
in old Jerusalem town
God would sure be pleased,
if we could live in peace

[ch]

[v3] Now you ask me, what's the deal?
Tell me how you feel
We're hangin' in a rope,
where do you find the hope?
I'll tell you, life aint fun,
but we can't quit and run
We're stuck on earth,
why should we make it worse?

2x [ch]

[out] 8x / I got hope /
