[v1] Pretty girl with the long black hair,
take a walk down them stairs
D I'll be watching out for you G

[v2] I wanna give a little kiss,
and all the love that I wont miss
If you would kiss me too

[ch] 2x/ If you come on down, you'd believe it D
If you come on down, you could feel it G
If you come on down... if you come on down... / + |G | D G

[v3] If I lived in paradise,
you'd be the apple of my eye
I would never let you down

[v4] I could taste your ruby lips,
and put my arm around your waist
Now wouldn't that be nice?
